Precautions

• This disc contains software for the PlayStation® home video game console. Never use this disc on any other machine, as it could damage it. • This disc conforms to PlayStation® specifications for the European market only. It cannot be used on foreign-specification versions of PlayStation®. • Read the PlayStation® Instruction Manual carefully to ensure correct usage. • When inserting this disc in the PlayStation®, always place it label side up. • When handling the disc, do not touch the surface. Hold it by the edge. • Keep the disc clean and free of scratches. Should the surface become dirty, wipe it gently with a soft cloth. • Do not leave the disc near heat sources or in direct sunlight or excessive moisture.• Never attempt to use a cracked or warped disc, or one that has been repaired with adhesives, as this could lead to operating errors.

Health Warning

For your health, rest about 15 minutes for each hour of play. Avoid playing when tired or suffering from lack of sleep. Always play in a brightly lighted room, and stay as far from the television screen as possible. Some people experience epileptic seizures when viewing flashing lights or patterns in our daily environment. These persons may experience seizures while watching TV pictures or playing video games. Even players who have never had any seizures may nonetheless have an undetected epileptic condition. Consult your doctor before playing video games if you have an epileptic condition or immediately should you experience any of the following symptoms during play: dizziness, altered vision, muscle twitching, other involuntary movements, loss of awareness of your surroundings, mental confusion, and / or convulsions.

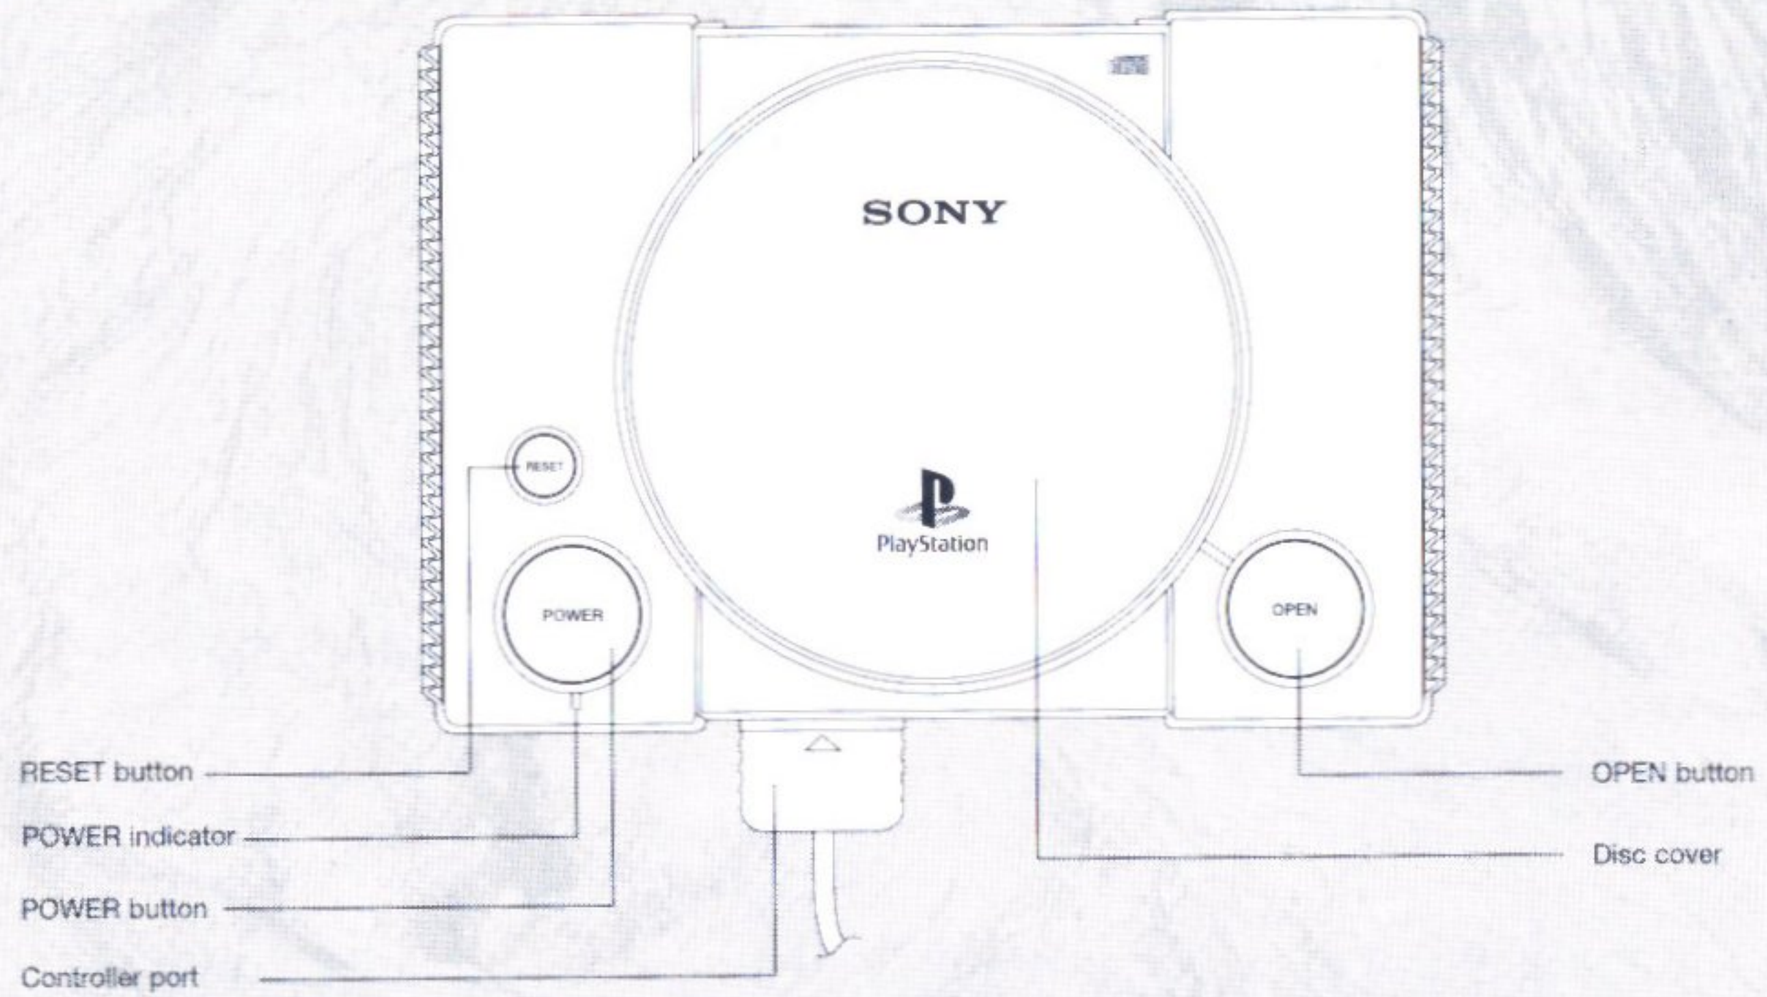
GETTING STARTED



SETUP

Set up your PlayStation® game console according to the instructions in its Instruction Manual. Make sure the power is off before inserting or removing a disc. Insert *The Land Before Time™: Racing Adventure* disc and close the disc cover. Insert game controllers and turn on the PlayStation® game console. Follow the on-screen instructions to start a game. It is advised that you do not insert or remove peripherals or MEMORY CARDS once the power is on.

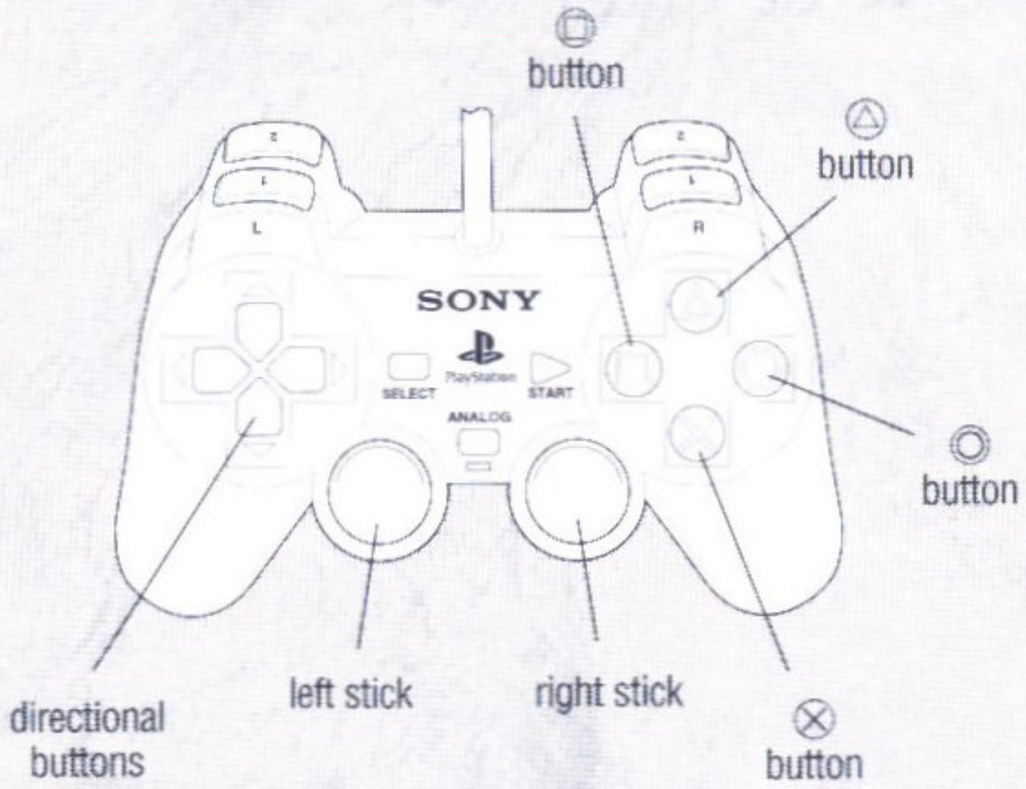
CONTROLLERS

The Land Before Time™: Racing Adventure can be played by either one or two players. When there is only one player, use Controller port 1. When there are two players, use both Controller port 1 and Controller port 2. Analog controllers (DUALSHOCK™) can be used, but are not required.

MEMORY CARD

A MEMORY CARD, sold separately, is optional for The Land Before Time™: Racing Adventure game. Insert your memory card into memory card slot 1. A memory card can be used to save and resume a game at certain points so that progress is not lost. Do not insert or remove a memory card while loading or saving a game because problems may occur. Make sure there are enough free blocks on your MEMORY CARD before commencing play.

CONTROLLER SET UP



Move in any forward direction: Directional buttons (or left stick)

Jump: ⊗ button to jump in any forward direction

Speed Boost: ◎ button (requires yellow flower power-up)

Pause: START button

MENUS

Menus appear in two instances. The setup menus appear automatically and present you with a variety of options to help you create an exciting racing experience. The in-game menus appear when you press the START button and present you with a limited number of necessary options such as exiting the game. Use these controls to navigate through menus:

Up: Directional button – up or left stick – up

Down: Directional button – down or left stick – down

Accept or Select: ⊗ button

INTRODUCTION

SINCE THE BEGINNING OF TIME...

Friends have always enjoyed competing with one another Guide Littlefoot™, Cera™, Ducky, or Spike as they race through four different environments in the Great Valley. Enjoy one of eight single-player obstacle courses or compete against another player or the PlayStation® game console on one of eight racetracks. Dodge around or jump over blocking boulders, low-lying logs, rolling rocks, leaping fish, lumbering turtles, and a host of other fun hurdles. Hop on a sled and surf over water, mud, ice, and more. Grab a speed boost and shoot ahead. Leap onto a high ledge and collect a bunch of Treestars™.

On the racetracks, your goal is to beat your opponent. On the obstacle courses, your goal is determined by difficulty level. On Easy, your goal is to collect as many Treestars™ as you can. On Medium, your goal is to finish the course in the fastest time. On Hard, your goal is to both collect as many Treestars™ as you can and finish the course in the fastest time. If you collect enough Treestars™ and/or run fast enough on the first obstacle course in an environment, a second and more challenging obstacle course will open up. Enjoy!

SETUP MENUS

First, insert *The Land Before Time™: Racing Adventure* disc and close the disc cover. Turn the PlayStation® game console ON with the POWER button.
Select your language.

After the introduction, before the game starts, it will check for a MEMORY CARD. If a MEMORY CARD is not inserted, a prompt will appear as a reminder that games can be saved with a MEMORY CARD. An option is given in the next screen to recheck for the MEMORY CARD. You may insert a memory card and choose Yes, or you may choose No and continue.

HOW TO PLAY

Although similar in many respects, Obstacle Courses and Racetracks each have their unique challenges.

OBSTACLE COURSES

It's you versus the obstacle course. Are you up to the challenge? In order to beat a course on Easy difficulty, you'll have to score at least the number of points listed for the course. On Medium, you'll have to beat the listed time. On Hard, you'll have to score both a given number of points and beat a set time. You score points by collecting Treestars™ of various colors. Here's what each color is worth:

TREESTARS™

Green = 100 points
Yellow = 200 points
Red = 300 points
Blue = 500 Points

In addition to Treestars™, there are two types of flowers that will help you. Here's what they do:

FLOWERS

Yellow = Speed Boost	When you have at least one yellow flower, push the ◎ button to activate a speed boost. Your character will run faster for a short distance.
Red = Launch Boost	When you collect a red flower, you will automatically be launched into the air. Guide your character to land on an alternate path to collect Treestars™ or more power-ups.

Here are a couple of tips that will help you beat the obstacle courses:

Tip 1: You'll find more Treestars™ when you are launched up onto a high ledge.

Tip 2: Keep an eye out for blinking objects. These are sleds. Run or jump onto a sled vehicle and surf over fluid or slippery surfaces.

Tip 3: For a special surprise, use the same character to beat all the obstacle courses.

RACETRACKS

It's you versus your opponent. Are you up to the challenge? Make it to the finish line first and you win! Collect flowers along the way to help give you an advantage over your opponent. Here's what they do:

FLOWERS

Yellow = Speed Boost	When you have at least one yellow flower, push the ◎ button to activate a speed boost. Your character will run faster for a short distance.
Red = Launch Boost	When you collect a red flower, you will automatically be launched into the air. Guide your character to collect more flowers.
Purple = Traction	When you collect a purple flower, you will automatically keep your traction on slippery surfaces for a short distance.

SAVE GAME

After having succesfully accomplished the challenge of the obstacle race,you can save up to four different games. Take care not to save your game over another game you'd like to keep. You also have the option of not saving your game at all. Once you have selected an option, you are returned to the setup menus starting with the main menu.
